

Buddy Check
network

STAY HEALTHY

Personalized Buddy Check calls proactively monitor medical conditions like High Blood Pressure, Diabetes, COPD, or CHF and provides immediate access to caregivers or health teams when needed.

STAY SAFE

The BCN offers Peace of Mind to members and families by providing scheduled "Buddy" calls to prevent many acute conditions from arising because of isolation.

STAY INFORMED

The BCN is a platform that automatically allows members and their family to make their health data available to their caregiver network and medical providers who need it to better manage their Healthcare program

Independence & Peace of Mind with The Buddy Check Network (BCN)

- **Easy To Use**— No special equipment needed. Works with any home or mobile telephone
- **Peace of Mind**—Peace of mind for you and your family knowing that our system will automatically check on you and summon help when needed.
- **Save Money**—Staying safe, healthy, and connected cost less than 24 pennies a day. Reduce medical cost and unexpected hospitalizations with proactive monitoring.
- **Stay Connected**— Leverage the power of the internet through your home phone to stay connected to family, friends, and caregivers.

Do you, like many seniors, live alone yet desire to remain independent and in your own home for as long as possible? The **Buddy Check Network** is designed to enable you keep that independence while providing peace of mind for family and friends.

The **Buddy Check Network's Calling Programs** provide in-home monitoring that automatically checks on loved ones and immediately summons help when needed?

Recent reports have shown that seniors live longer,

stick to prescribed medication regimens, and enjoy overall improved quality of life when they avoid isolation by staying connected with friends and family.

Proactive monitoring programs like the **BCN** improve quality of life by encouraging better adherence to medication and treatment routines

We offer a variety of monitoring and alert services that can be up and running in as little as **1 hour**.

Caring For An Elderly Parent or Loved One?

Caring for loved ones with your busy schedule, family and job responsibilities is a challenge.

At times you feel “sandwiched” between your daily responsibilities and your desire to care for your loved one. Sometimes all that is needed is a little help which would enable you to effectively juggle the many tasks you have to perform and still provide the loving attention needed.

The **Buddy Check Network** can help! With our Custom Calling Programs your loved one's condition is monitored using their own home telephone. If they request help or do not respond, then the Buddy Check Alert System is prepared to immediately notify you (or anyone you wish) by phone, voice, or text message.

Start Enjoying Peace Of Mind Today!

- Visit our web site **www.MyBuddyCheck.com** to sign up today or call toll-free **888-804-3622**
